

nsight success

simple, accurate, actionable assessment

The NSight Success Assessment is an extensively validated, business-oriented human resource assessment tool that measures our work-related characteristics.

At Sheehan Consulting we exclusively use the NSight Success to assist clients with key areas of Talent Management:

SELECTION

Getting the right person for the position.

REORGANIZATION

Finding the right positions for your current staff.

TEAM BUILDING

Assembling the right team for the project, or helping existing teams to maximize performance.

PROFESSIONAL DEVELOPMENT

Creating personalized development plans for career advancement.

PERSONAL DEVELOPMENT

Creating personalized development plans to support individual success and life satisfaction.

SUCCESSION PLANNING

Identifying and developing team members for executive succession.

The NSight Success Assessment provides a quick, understandable, comprehensive view of both aptitude AND personality characteristics, which few other tools provide.

Let's discuss what you would like to accomplish for your team, your organization, and yourself, and how Sheehan Consulting and the NSight Success can help.
